序号	《莱斯特·利文森教导合集》修订后的内容	页码	更新日期
1	放开心智，通过摆脱你自身所有想法的驱动（被称作“感受”）终止想法，没有了任何感受，你就在那里了。 Loose the mind, stop the thought by ridding yourself of the motivator of all the thoughts called feelings, no feelings and you're there.	382	2025-10-06
2	远离那些维生素 A、然后是 B、接着是 C、再是 D，然后是 X、Y、Z，接着又要补充 AA、BB 之类的程序， stay away from these programs of vitamin A, then you get B then C, then D, then X Y Z, then I have AA,BB in time, 难道你没看到它总是在改变你的日常饮食吗？ can't you see it's always changing your diet?	807	
3	所以为了到达大写字母 R 的真相 (Reality)， so to get to the Reality with the capital R, 当发生事故时，事故的发生方式只有一种，即使六个人看到它的发生可能会有六种不同的方式， When there's an accident that happened only one way, even though six people saw it happened maybe six different ways,	954	
4	然后我们看到了世界的真相 (Reality)， then we see the Reality in the world, 在那之后，我们通过看到真正的真相 (Reality) 而放下了世界的现实， after that, we let go the reality of the world by seeing the real Reality,	955	

5	但当你从更高的视角看待它时，它实际上就是一件约束衣。 But when you see it from a higher point of view, it is very much a straightjacket.	181	
6	所以，《圣经》里存在错误，而且我确信耶稣从未说过那样的话。 So, there are mistakes in the Bible, and I feel sure that Jesus never said that.	188	
7	所以你必须带着“我是什么”的这个问题把注意力转回内在。 So, you must turn your attention back in with the question “what am I”.	224	
8	真正的你 Real You “我是”的体验 the experience of “I AM” 受限的你 Limited You 感受和思考的体验 the experience of Feeling and Thinking 最受限的你 Most Limited You 无限 Infinity “我” “I” 全知 ALL KNOWING 全能 ALL POWERFULL 全在 Everywhere Present 心智 MIND 分离工具 SEPERATOR (视频看不清) 身体BODY —— 存在状态 Beingness —— 行动状态 Doingness —— 拥有状态 Havingness	434	2025-11-9
9	正如我们所知道的，控制并不是一个不好的词，也不是一件坏事情，“想要控制”才是。 And as we know, control is not a bad word, not a bad thing, “the want of it” is.	841	
10	你所要做的就是要去释放障碍，成为赢家。 What you're doing is you let up on releasing the blocks to being a winner.	845	

11	在进驻内在的三个月时间里，我发现我们每个人都是一个没有限制的存在， I discovered by getting within myself in a period of 3 months time that each one of us is a being with no limits,	1033	
12	我的一个基本原则是——在你能为自己证明它之前，什么都不要相信。 And one of my basic principles is believe nothing until you can prove it for yourself.	1041	
13	当所有的力量都落到我的膝盖上时，对每一个降临到我身上的力量，我都有两个见证。 When all the powers fell into my lap, I had two witnesses for every power that I sort dropped into my lap.	1508	2025-11-9
14	但如果你问自己“我对做了什么导致了这种事？”，你会看到最初的想法，你会释放它，你消除了发生意外的倾向。 But if you ask yourself “What did I do to the cause this?”, you'll see the initiating thought, you will release it, you undo being accident prone. 通过负起责任，你在做一件非常好的事情。 You're doing a tremendously good thing by taking responsibility.	1533	
15	比如耶和華生前，只有两名门徒一直保持忠诚到最后，对吗？ Like Yeshiva's lifetime, there's only two who remain devoted up until the 2021 end, right?	2021	

16	如今的倾向是如此之强，过去的习性、业习、过去的思维习惯极其强大，以至于很少有人能凭他自己在这个世界上做到这一点，甚至在摆脱某种业习之后还能在世间做到这一点的人也是少之又少。 The tendencies today are so strong, the past tendencies, the <u>vāsanās</u>, the past habits of thoughts are so strong that rare is the individual who could make it on his own in the world or even make it in the world, after leaving a <u>vāsanā</u>.	2022	
17	而你却在试图通过不去看它来防止它再次发生，就像鸵鸟一样，我们把头埋进<u>沙子</u>里。 And you're trying to prevent it from happening again by not looking at it, like an ostrich, we put our heads in the sand.	2281	
18	在日常生活中不做“做者”是有好处的，不做执行者，只做见证者。 It is good in our daily life to be not the doer, be not the agent, just be the witness.	2695	2025-11-9
19	但最初与那具身体相连的“一”却看不到任何的死亡， But the One who was originally connected with that body never sees any of this death,	2702 2760	
20	莱斯特：使用现在对你来说有用的东西。 Lester: Use that which is available to you now.	2764	
21	第二个是，在生活中，不要做“做者”，而要成为见证者，让事物发生，允许它存在。 And the second is in life itself, be not the doer, be the witness, let things happen, allow it to be.	2696 2754	
22	<u>要明白</u>，所有被压抑的对死亡的恐惧，现在正在试图把自己推上来并推出去。 See, all the suppressed fear of dying, right now is trying to push up and push out.	136	2026-1-4

23	这是你全部的困难、所有的痛苦。 That's where all your difficulty is, all your misery.	138	2026-1-4
24	学生：但我感觉不到我有那种感觉，我在心智中有那些图像，但我并没有感觉自己是灵体。 Student: But it doesn't feel like I have it, I have an image of it in my mind, 143 [REDACTED] but I don't feel like I am the spirit.	143	
25	你已经体验过了， you've experienced it,	483	
26	或者释放 AGFLAP，这样你就可以保持在那里了。 or release the AGFLAP so that you can remain there.	484	
27	现在，抗拒最终变成了让被压抑的垃圾持续被压制的机制。 Now, resistance turns out to be that mechanism of holding the suppressed garbage suppressed.	585	
28	学生 B：你的意思是，认识到这一点，然后用你正在创造的不管什么东西来唤起感受、让它们离开吗？ Student B: Do you mean, then recognizing it as such and using whatever you're creating to bring up the feelings to let them go?	588	
29	当你想要自由超过其他任何东西的时候，你就会贯彻这六个步骤。 When you want freedom more than anything else, you'll carry out those six steps.	589	
30	除了获得自由，生活中的一切都是在浪费时间。 Everything in life is a waste of time except going free.	773	

31	所以这是一个总在不断上升的体验，就像你释放的时候一样。 So it's an experience of just going higher all the time, like when you release.	775	
32	要明白你有一台电脑在运转，你把它设置成了自动模式，并且它正在运作你。 See that you've got a computer going, you throw it on automatic, and it's running you.	779	
33	我们现在花了 99%的时间在潜意识心智上，压制着那些过去累积的感受。 We are now spending 99 percent of the time with our conscious mind holding down all the suppressed accumulation of feelings from the past.	1022	
34	是因为每一个潜意识的感受都想要浮出来展现它自己。 because every subconscious feeling is wanting to come up and expend itself.	1023	2026-
35	<u>我们确实给了你心智和感受的完整图景，以及它们是怎样运作的。</u> We do give you a total picture of mind and feelings and how they operate. <u>我们给了你一张图表，那是你潜意识心智的图表，释放思想和感受。</u> We give you a chart, that becomes a chart of your subconscious mind, that release thought and feelings.	1026	1-4
36	但是我为自己发现了这一点。 but I discovered it for me. 我所体验到的无论什么，任何人都能体验到， whatever I went through, anyone can go through,	1034	
37	关键在于理解——压抑的感受是什么以及如何处理它们。 it's in understanding what suppressed feelings are, how to get a handle on them?	1038	

38	留意这一点，人们实际上会符合我们对他们的意识。 watch it, people will actually fit our consciousness of them.	1406	
39	维生素有什么智能是你不具备的？ What intelligence does a vitamin have that you don't have? 化学物质有什么智能是你没有的？ What intelligence does any chemical have that you don't have?	1499	
40	然而，更好的方式是让心智安静下来，看看你是谁、是什么。 However, the better way is to quiet the mind, and to see who and what you are.	1587 2587	2026-
41	你去到高处看到了你是什么，这样你就能看到你不是身体、不是心智，然后你就可以丢弃它，当你看到你所是的时候，你就可以很容易地丢弃它了。 And you go high to see what you are, so you can see that you are not the body, mind, and you can will it out, you drop it off so easily, when you see what you are.	2013	1-4
42	阅读没什么好处，我真的觉得如果你阅读的话，它是在阻碍你。 Reading is not doing any good, I really believe it's holding you back if you read.	2015	
43	出离者明白，幸福不存在于这个世界上、也不存在于人和事物中，唯一的幸福在存在中，在成为我们所是的真我中。 A <u>renunciate</u> knows that there is no happiness in the world, in people or things, that the only happiness is in <u>Beingness</u> , being the Self that we are.	2018	
44	道路中的每一步都在为你指明方法。 Each step of the path shows you the way.	2025	

45	事实上,我想说答案不在于事物本身,而在于对念头、对事物的欲望的平息,念头平息了,心智便安静了,心智安静下来,真我就在那里,真我一直都在那里,此时此地它是完美的,它是无限的,我们无法改变这一点。 In fact, I say it's not coming from the things, it's coming from the stilling, of the thoughts, of desire for the things, the thoughts are quiet, the minds quiet, and the Self is right there, the Self is always there, it's perfect, it's infinite here and now, we can't change that.	2032	2026-1-4
46	就像在平静的湖面上只有一轮月亮,搅动湖面,你会看到成千上万个月亮。 Just like the moon on a placid lake is one, disturb the lake and you'll see thousands of moons.	2852
